* SIA for the Nokia 6230i is currently under development with availability TBC. In the meantime please refer to Parts Enquiry System if you have any queries.

	Tested & approved	SIA	Snap-in adaptor
	Tested & not compatible	HF	Hands-free
	Limited compatibility	PhB	Phone book transfer
	Not tested	SMS	Display text messages

Notes:

If the software level of the handsfree kit (ULF) or flash programming status of the MULF is not shown as compatible with particular handset software level, replacement cannot be reimbursed via warranty in this context.

On option 644, the SMS display function is only available on the following models: E39, E46, E53, E83, E85. On option 633, the SMS function is not a feature of the system.

BMW recommend that an approved mobile phone is always used in conjunction with a snap-in adaptor. If an adaptor is not available from BMW, it is still possible to use the hands-free functions, but it is not recommended.
