Power outlets in front center console storage compartment, rear center console and trunk

Locking glovebox

04.1 ———

Safety and Security.

Protecting you and your vehicle, on the road and off.

Anti-lock Braking System (ABS)

Driver's and passenger's front airbag supplemental restraint system (SRS) with advanced technology: dual-threshold, dual-stage deployment; and front-passenger-seat sensors designed to prevent unnecessary airbag deployment

3-point safety belts and head restraints at all seating positions

Adaptive LED Headlights

LED fog lights

Automatic high beams

Front safety belts with automatic pretensioners

Park Distance Control, front and rear

Rear-view Camera

Acoustic safety-belt warning

Automatic-locking retractors (ALR) on all passenger-seat safety belts (for installation of child-restraint seats)

LATCH attachments for child-restraint safety installation

Front and rear Head Protection System (HPS) with front side-impact airbags

Rollover sensor that triggers airbags and safety-belt pretensioners in the event of a rollover

Adaptive Brakelights

Programmable LED Daytime Running Lights

Impact sensor that activates Battery Safety Terminal disconnect of alternator, fuel pump and starter from battery; automatically unlocks doors; and turns on hazard and interior lights

Central locking system on driver and front passenger doors (leaves fuel filler door unlocked)

Active Driving Assistant , includes Daytime Pedestrian Protection, Frontal Collision Warning with City Collision Mitigation, Lane Departure Warning, Active Blind Spot Detection, and rear Cross Traffic Alert

BMW Assist eCall™ includes Emergency Request (SOS button) and Enhanced Automatic Collision Notification

Anti-theft alarm system

BMW's Active Protection System detects imminent accidents, then prepares by automatically pretensioning safety belts, closing windows and moonroof, and activating post-crash braking; includes Fatigue and Focus Alert feature

04.2

Warranty.

Complete coverage and peace of mind.

BMW Ultimate Care (for complete details, visit [www.bmwusa.com/ultimatecare](#))

12-year Unlimited Mileage Rust Perforation Limited Warranty

4-year/50,000-mile New Vehicle Limited Warranty for Passenger Cars and Light Trucks 2020 Models (valid only in the USA including Puerto Rico)

4-year Unlimited Mileage Roadside Assistance Program

1-Please refer to Owner's Manual for standard equipment capabilities.

2-Run-flat tires do not come equipped with a spare wheel and tire. Driving over rough or damaged road surfaces, as well as debris, curbs and other obstacles, can cause serious damage to wheels, tires and suspension parts. This is more likely to occur with low-profile tires, which provide less cushioning between the wheel and the road. Be careful to avoid road hazards and reduce your speed, especially if your vehicle is equipped with low-profile tires.

3-Cruise control is not a substitute for the driver's own responsibility in adjusting speed and otherwise controlling the vehicle. After evaluating the road, traffic and visibility conditions, the driver must decide whether and how the system is to be used.

4-Active Driving Assistant and Active Driving Assistant Professional are not substitutes for the driver's own responsibility in maintaining safe control of the vehicle. Lane Departure Warning requires clearly definable lane markings that are not obscured by rain, snow, etc.
